

St Patrick's Parish School, Cooma

A School With Altitude

AP: OM:

December 2017

Dear Parents of Year 7 2018 students

We have been very pleased with the growing maturity of the current Year 6 student at St Patrick's and look forward to getting to know them even better in the coming four years.

We are very excited about the broad range of opportunities for your child as part of their Secondary schooling. In addition to the usual offerings of subjects, this year, we commenced a new STreEM (a blended Science, Technology, Religious Education, Engineering and Mathematics) course, which has since been copied by other schools in NSW. In 2018, this course will be on offer again and we are adding a specialised mini computing course to help students to hone their skills in this important area.

If you have any questions, please contact the school on 6452 1721. It would be appreciated if you could return the attached reply slip before Friday 8 December or email your response to office.stpatscooma@cg.catholic.edu.au.

Yours sincerely

Frances Robertson
Principal

Mary-Ann Fraser
Assistant Principal

Pam Fletcher
Secondary Coordinator

Intention for Year 7 2018

(Please return to your class teacher by Friday 8 December or email office.stpatscooma@cg.catholic.edu.au)
